

I Ricchi Poveri - Bzzzz
INGO MAURER 2014/2022

A dragonfly settles on the light bulb. The Bzzzz lamp from the I Ricchi i Poveri series by Ingo Maurer is a poetic game with a twinkle in its eye. The Bzzzz convinces not only with its design, but also with its light quality: this table lamp is equipped with the latest light source, developed in spring 2022 exclusively by and for the company Ingo Maurer - the Ambient light source. Ambient is the modern alternative to the halogen lamp. The new illuminant by Ingo Maurer gives warm light, dim-to-warm. The dragonfly is made of anodised aluminium in red, green or blue. Steel, brass. This product with halogen bulb is discontinued.
