

Samurai LED
DAGMAR MOMBACH, INGO MAURER & TEAM 1998

Paper, metal, stainless steel, silicone, glass, glassfibre shades. Samurai LED is equipped with a dimmable LED module. The module was developed by Ingo Maurer GmbH especially for the MaMo Nouchies. The light is warm and soft, and can hardly be distinguished from conventional halogen light. In contrast to the halogen version shown in the photos, the cable is visible, as with Poul Poul.

Light source
LED 9 W, 970 lm, 2700 K, CRI >90, EEC F (A-G). With built-in LEDs. The light source is not exchangeable by the user, but by an electrian. Discontinued halogen version: with halogen bulb 50 W, 900 lm, 3000 K, 4000 h, CRI 100, EEC C (as at Sep. 2015). Socket GY 6,35, max. 50 W, compatible with bulbs of the energy classes B - E.

Technical data
For 100 – 240 volts. With electronic transformer, continuously variable dimmer.

More info
Not suited for rooms with high humidity.
