

Zettel'z 5
INGO MAURER 1997

Products in the "Essentials" category are usually available for immediate delivery. Stainless steel, heat-resistant satin-frosted glass, Japanese paper. 31 printed and 49 blank paper sheets DIN A5. The Zettel'z 5 is one of Ingo Maurer's best known lamps. It gives the user plenty of room for his or her own creativity, and can be set up so that it is space-consuming and loose or narrow and dense. The blank sheets of paper supplied with it are designed to be used for your own messages or sketches. The Japanese paper is very thin and translucent. Two bulbs provide good light.

Light source
Two sockets E27, max. 250 W / 75 W, compatible with bulbs of the energy classes EEC A-G. Also works with LED light sources.

Technical data
For 100 - 240 volts.

More info
Replacement set of 80 paper sheets available
