

Zettel'z 6
INGO MAURER 1998

Stainless steel, heat-resistant satin-frosted glass, Japanese paper. 40 printed and 40 blank paper sheets DIN A6. Zettel'z 6 is a smaller version of the Zettel'z 5. It gives the user plenty of scope for personal creativity. The blank sheets of paper supplied with it are designed to be used for your own messages or sketches. Zettel'z 6 has just one socket. Unlike Zettel'z 5, this model is not equipped with a second socket for a PAR 30 spotlight that throws directed light downwards.

Light source
Socket E27, max. 250 W. Compatible with bulbs of the energy classes EEC A-G.

Technical data
For 100 - 240 volts.

More info
Replacement set of 80 paper sheets available.
