

Koyoo
AXEL SCHMID 2018

Koyoo is a small, portable light object. Only held by a wire spring a bright circle hovers over a black, narrow foot. The light source is integrated in the foot. The LED illuminates the circle perfectly. Used on a table, the illuminated paper shade is below eye level and thus makes a very pleasant, relaxing light for beautiful moments.With three different paper covers Ø 17,5 cm. Three levels of brightness can be set with a button. A fully charged battery allows operation of approx. 5 / 10 / 36 h (without cable.)

Light source
LED max. 240 lm, 3000 K, CRI>90, 2,2 watts.

Technical data
With 3000 mAh LiPo battery, 5 volts, USB-C cable and charging device. For 100 - 240 volts.

More info
With three paper circles in different materials.
