

INGO MAURER

Blow Me Up
THEO MÖLLER, INGO MAURER & TEAM 2017

The inflatable glowing air hose “Blow Me Up” is flexible to use: Blown up, you can lean it against the wall or fasten it to the ceiling or wall with hooks or nylon cords. It comes rolled up in a can and is blown up the lamp by the user. A sensor switch is integrated as a switch on one side of the LED strip, which radiates the reflective side of the tube, thus scattering indirect light in the room. Blow Me Up is a lamp for the young and the young in mind, those who embrace mobility and change. Materials: plastic, steel.

Light source

Integrated LED strip with 30 W, 4000 lm, 3000 K, CRI > 90, EEC A+. The light source is not exchangeable by the user, but by an electrician.
